

WATER CODE

SECTION 9140-9142

9140. (a) On or before September 30 of each year, a local agency responsible for the operation and maintenance of a project levee shall prepare and submit to the department, in a format specified by the department, a report of information for inclusion in periodic flood management reports prepared by the department relating to the project levee. The information submitted to the department shall include all of the following:

(1) Information known to the local agency that is relevant to the condition or performance of the project levee.

(2) Information identifying known conditions that might impair or compromise the level of flood protection provided by the project levee.

(3) A summary of the maintenance performed by the local agency during the previous fiscal year.

(4) A statement of work and estimated cost for operation and maintenance of the project levee for the current fiscal year, as approved by the local agency.

(5) Any other readily available information contained in the records of the local agency relevant to the condition or performance of the project levee, as determined by the board or the department.

(b) A local agency described in subdivision (a) that operates and maintains a nonproject levee that also benefits land within the boundaries of the area benefited by the project levee shall include information pursuant to subdivision (a) with regard to the nonproject levee.

(c) A local agency that incurs costs for the maintenance or improvement of a project or nonproject levee under the delta levee maintenance subventions program established pursuant to Part 9 (commencing with Section 12980) of Division 6 may submit information submitted to satisfy the requirements of that program to meet the requirements of paragraph (3) of subdivision (a), but may do so only for that reach of the levee included in that program.

(d) (1) A local agency responsible for the operation and maintenance of a levee not otherwise subject to this section may voluntarily prepare and submit to the department or the board a flood management report for posting on the Internet Web site of the department or the board.

(2) A flood management report submitted pursuant to paragraph (1) shall be made available on the Internet Web site of the board if the local agency is partially or wholly within the geographical boundaries of the board's jurisdiction. Otherwise, the report shall be made available on the Internet Web site of the department.

9141. (a) The department shall prepare and transmit to the board a report on the project levees operated and maintained by each local agency, using information provided by the local agency pursuant to Section 9140 and information from relevant portions of any of the following documents, as determined by the department:

(1) Annual inspection reports on local agency maintenance prepared by the department or the board.

(2) The State Plan of Flood Control.

(3) The flood control system status report described in Section 9120.

(4) The schedule for mapping described in Section 8612.

(5) Any correspondence, document, or information deemed relevant by the department.

(b) The department shall make the flood management report for each

local agency available on the Internet Web site of the board and shall provide the report to all of the following entities:

- (1) The local agency.
- (2) Any city or county within the local agency's jurisdiction.
- (3) Any public library located within the local agency's jurisdiction.

(c) The report shall be completed on or before December 31, 2008, and shall be updated annually.

9142. A local agency responsible for the operation and maintenance of a project levee may propose to the board an upgrade of the project levee if the local agency determines that the upgrade is appropriate. The local agency may implement that upgrade if approved by the board.
